\* Trim colour code E = early car, eg pre 1955, L = late car, eg post 1968

NB: This list is not entirely comprehensive as very early colours such as Romain Green, Platinum Grey, Azure Blue, Gascoyne Grey, Damask red, Mist green, Thames blue, Sandy beige, Bronze and Smoke Blue are not included as there was not enough information available on them to make it viable and most were discontinued before 1956.

NB: Deluxe models with duotone seats are not mentioned in the above table. Duotone upholstery ended in 1965.

NB: Tartan red / Red replaced by Cherokee red in 1965

*Wheel silver is Ford Seabring Silver.*
